

Refugee Integration(NS)

We decided to choose refugee integration because it's definitely a major thing that's going on and it's an important topic in our province today. Refugee integration is a big thing currently, in the past you wouldn't find any newcomers or immigrants, but now in 2026, there's a significantly higher amount. We are getting more and more immigrants in NS and it's important for us to know the benefits and the obstacles of them coming. Immigration is something we want to understand and not fake news we just hear, it's something that's directly impacting us and our communities. People coming also can affect our education, people who we're surrounded by and neighbourhoods in NS. We can experience positive things and some struggles from newcomers in Nova Scotia. Our issue on refugee integration aligns with global goal number 10, (Reducing inequality within and among countries).

Meet Josie and Laila, the publishers!

Josie: Im Josie, I am a gr 9 student at halifax west highschool. Im 15 years old and I am working with Laila on this project for citizenship class about the upsides and downsides of refuge intergration. Im working on reaserching how imagrants impact NS and about their experiences when coming.

Laila: My names Laila, im a grade 9 student at halifax west highschool and im 14 years old. Im working with Josie on this project on refugee integration and immigrants coming to NS. Im doing my part on researching how immigrants come to NS, feeling safe and how it can impact our communities in good ways and bad ways for them and for us.
